

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Henry Lenart
DOCKET NO.: 06-20364.001-R-1
PARCEL NO.: 23-02-203-055-0000

The parties of record before the Property Tax Appeal Board are Henry Lenart, the appellant, by attorney Rusty A. Payton of the Law Offices of Rusty A. Payton, P.C., Chicago, Illinois; and the Cook County Board of Review.

The subject property is a 21-year old, multi-level style dwelling of frame and masonry construction containing 1,275 square feet of living area with a slab foundation.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted four comparable properties described as multi-level frame and masonry dwellings that are between 21 and 38 years old for consideration. On the appellant's map, two of the comparables are located near the subject property, and two are located approximately one-half mile or one and one-half miles away. Each of the comparables has a partial basement. The comparables contain from 1,331 to 1,574 square feet of living area and have improvement assessments ranging from \$10.92 to \$12.46 per square foot. The subject's improvement assessment is \$14.88 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented three comparable properties consisting of multi-level frame and masonry dwellings that are between 32 and 37 years old. One of the comparables is located in the same tax block as the subject property, and the other two are located approximately one-quarter to one-half mile away. Each of the comparables has a partial, finished basement. The dwellings contain from 1,390 to 1,443 square feet of living area

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$	6,293
IMPR.:	\$	18,972
TOTAL:	\$	25,265

Subject only to the State multiplier as applicable.

PTAB/BRW/Apr.08/06-20364

and have improvement assessments ranging from \$15.10 to \$15.66 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds the range established by the most similar comparables contained in this record is \$10.92 to \$15.66 per square foot of living area. The subject's improvement assessment of \$14.88 per square foot of living area falls within this range. Although none of the comparables were similar to the subject in foundation, three of the appellant's comparables and the three comparables submitted by the board of review were very similar to the subject in age, location, and most physical characteristics. These comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
